Regal Palms Resort At Highlands Reserve Review 2010 Save Property Management Unit

First time to this resort and won't be the last! My mom & I planned this trip and wanted everything to be perfect..it was! The condo was just lovely. All the amenities AND extras one could hope for. In particular, the extra bedding, linens, full size washer & dryer and WiFi were great! We also found 2 inner tubes provided for the lazy river (resort will charge if you don't bring your own). We were impressed with the recent updates to the condo - new beds, linens, flooring and much more. The patio furniture was a huge benefit. My mom especially liked the nice bench seat at the front door. The unit was nice & clean, the kitchen was well stocked with pots, pans & utensils and there were plenty of glasses & coffee mugs. The family pics on the wall made us feel welcome.The 15-20 min drive to the Parks was easy (no tolls) and the location of the resort to the grocery store (Publix), Walmart, Target & restaurants was very convenient. We would not have enjoyed our vacation nearly as much if not for the spacious & relaxing condo. Thank you for maintaining your unit so nicely and adding so many "convenient" extras.

I hope to visit

again soon!! Mr R. R**** New Hampshire.

Guest Feedback - Hi I wanted to thank you for a wonderful vacation. your villa was great and we felt right at home. I am glad we got the chance to meet you personally The kids had such a great time at the pool they actually choose to stay at the villa one day to swim rather than going to another theme park! I was very nervous about booking a vacation with someone I had never meet, but you were very true to your word and were great to work with.

You meet all our expectations and more. We will definitely be returning in the near future. Again thank you for everything, the Patterson /Killien Family. Guest Feedback - Huge ,4 bedroom 3 1/2 bath Townhouse that can sleep 10 people. Very spacious living room area . Shopping very close by plus many restaurants to eat in or order food from after a busy day at the Disney Parks. Restaurant and bar on property. Pool area has several pools, hot tub and a water slide that is a huge hit with kids and adults alike. A great way to relax in the evening. Easy booking, just email, to take advantage of this home away from home. We stayed for 1 week, 2 adults and 2 Teenagers. I would definitely stay here again and have recommended it to all my friends.

Guest

Feedvack - My family spent last week at the Regal Palms Resort in Orlando, FL.. The townhouse was beautiful, clean and completely furnished with everything that a family would need. My teens loved the slide, lazy river and pool area. While we enjoyed just hanging at the pool on the "non-theme park days", the resort also has an on-site restaurant, arcade, spa, store and computer access. Just down the road is a Publix store for groceries and a gas station. The resort management were nice and very helpful. We will certainly recommend our rental to our friends and family.
